

For our growing team we are looking for an

Analyst M&A Buyside (m/f/d)

Walther Transaction is an international M&A boutique and specialist for company sales and acquisitions based in Munich, Germany. To date, the teams around Mark Walther (<https://www.linkedin.com/in/mark-walther/>) and Moneshia zu Eltz (<https://www.linkedin.com/in/moneshia-zu-eltz/>) have successfully completed more than 300 corporate transactions and business development projects. Our two home markets are Continental Europe and Transatlantic.

Your Responsibilities:

- Active contribution in our thrilling key account mandates for company acquisitions (Transatlantic and Europe)
- Analysis of the target companies (market and competition, business model, finances) and their shareholders
- Organize results into thoughtful, meaningful, and coherent output, mostly in Excel and Powerpoint - from a company profile via market overview to a full scale Commercial Due Diligence
- International approach and qualification of suitable targets in German and English
- Support during the negotiation phase up to the closing of the M&A contract

Your Experience level:

- Completed university degree (BA or MA), preferably in business administration and finance
- Strong analytical and numerical reasoning, able to think outside the box and keen to solve problems
- Proficient in major MS applications (Word, Excel, PPT) and the use of data bases
- Fluent in English (min. C1-level) and German (min. C1-level)
- Team orientation and very high communication skills

What makes us special:

- Exciting projects and thrilling international key account mandates in a fast-paced international work environment
- Very high ownership responsibility, open for creative working time models
- Attractive compensation package (half of the profit generated is distributed to the employees)
- Highly motivated and integrated inter-generational team, flat hierarchies and focus on employee development
- Individually adapted career development and promotions (Associate, Senior Associate, Director)
